Profile of Ghost Audio

About Ghost

Since its establishment in the year of 2000, Ghost Audio Co. Ltd. has been specializing in the research and production of car audio accessories, focusing on the creation of ultimate experience brought by car audio and video equipment.

Ghost Audio produces noise filter, capacitor, wire harness, antenna adapter, power cable, speaker cable, RCA cable, radio install frame and various connectors, which are mainly exported to European and American markets. At present, the company has a factory of 10,000 m^2 with floor area of approximately 20,000 m^2.

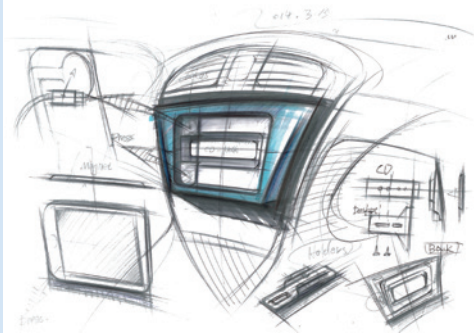

Ghost Audio has such advanced facilities as 500 high speed twist bunching machine, 700 tubular stranding machine, automatic active tension release frame, automatic high speed wire stripping machine. Besides, it annually invests half a million RMB yuan (about 80,000 U.S. dollars) into the maintenance and updating of these devices so as to ensure their healthy and efficient operation.

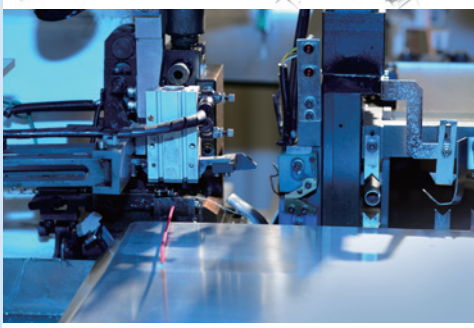

Ghost Events

In 2006, Ghost Audio introduced Yifei ERP management system, realizing refined management in production and marketing.

In 2012, Ghost Audio achieved ISO 9001 Certification.

In 2014, Ghost Audio established its own product lab equipped with facilities

like density tester, hardness tester, tensile strength tester, intelligent resistance tester, salt spray test chamber, and UV weather resistance test chamber. The lab provides Ghost Audio with scientific experimental evidence in the examination and assessment of raw materials, in the sample examination and battle examination of new products, and in the life circle test of the products.

IIn 2019, Ghost Audio built new workshop to adapt the business development.

In 2021, Ghost Audio awarded the title of High-growth Demonstration Enterprise.

In 2023, Ghost Audio honored the title of High-tech Enterprise.

Ghost Values

In its operation process, Ghost Audio has created a well-developed ecological system of "suppliers-employees-clients" for the coordinated development of each party, focusing on good service to its clients, smooth communication with its suppliers and responsible attitude towards its employees.

With sophisticated equipment, outstanding management and harmonious operation system, Ghost Audio is here waiting for your visit.

- Hi to low level converter
- Signal noise eliminated
- 2-CH to 4-CH signal outputs
- Output level adjustable
- Auto remote amplifier turn-on

HL241 item no. 313326

HI TO LOW CONVERTER

- 4-CH hi to low level converting by DC power
- Better characteristics on low frequency (<10 hz)
- More efficient transforming ratio
- Double possible on input power handling
- 4:1 Step down with variable output
- Auto remote to amplifier turn-on
- Auto turned off when inputs less than 3V DC

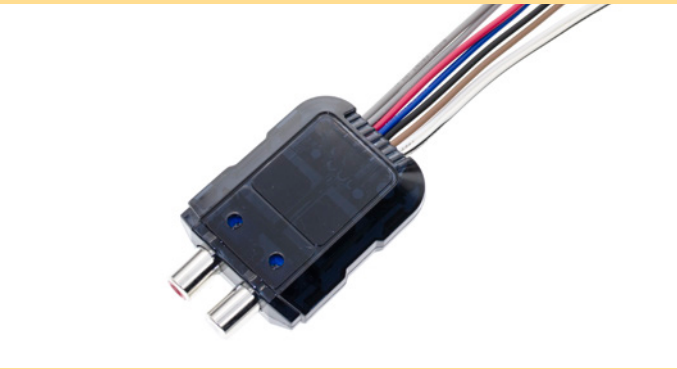

HL454 item no. 313335

ACTIVE HI LEVEL CONVERTER

- Hi to low level converter
- Signal noise eliminated
- 4-CH signal outputs
- Output level adjustable
- High input / lower voltage switch
- Atuo / manual option for amp remote turn-on/off

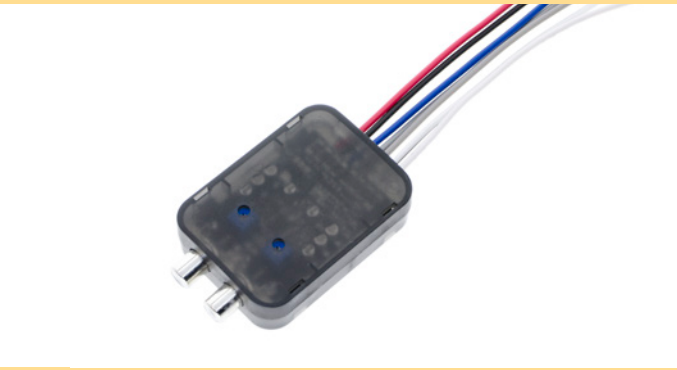

HL440 item no. 313327

HI TO LOW CONVERTER

- 2-CH hi to low level converter
- Input circuit corrects crossover distortion
- 6:1 Step down with variable output
- Auto remote amplifier turn-on

HIGH CURRENT RELAY

- Ideal for battery isolation. Reliable and efficient methold to add secondary battery to any system.
- Easy and simple installation. Simply connect relays to operate, when ignition is powered on, the individual batteries remain separate preventing power drain.
